To whom it may concern,

Dear Sir/Madam,

Industrial Training Placement - K. L. T. Perera

A Six-month Industrial Training is part of the curriculum of Computer Science Majoring students of the BSc (Joint Major) Degree and the BSc (Special) in Computer Science students at the Faculty of Applied Sciences, Wayamba University of Sri Lanka. This program aims to instill in students the right kind of work attitudes and professionalism through interaction with people in organizations, and observation of their future roles in industry.

The success of the industrial training depends very much on the willingness of the industries to accept the students in their folds. We therefore sincerely request your company to support our Industrial Training Program to enable our students to become professional graduates.

We would like to express our sincere gratitude to your company for consideration of providing a training opportunity to our students and for the support that will extend to our Industrial Training Program. We look forward to a meaningful development of University-Industry relationship between your company and the Department of Computing and Information Systems, Faculty of Applied Sciences, Wayamba University of Sri Lanka.

The program is intended to start tentatively from 16th of November 2020. For further information, please contact me via tharinda@wyb.ac.lk.

Thank you,

Yours sincerely,

.....
Dr. VGTN Vidanagama,
Industrial Training coordinator,
Senior Lecturer,
Head, Department of Computing and Information Systems,
Faculty of Applied Science,
Wayamba University of Sri Lanka,
Kuliyapitiya.
